

Select the domain by intent — §9.23

Canonical View
("what is currently accepted")

C471 Accepted: RATE_OF_CHANGE corresponds to three applications

"what is velocity?" → canonical view

Claim Ledger
("what has ever been proposed / disputed")

C471 Accepted (full history)

C472 Candidate: alternative definition

C210 Contested: "the derivative is only a model"

C473 Superseded: old 2019 definition

"who ever objected?" → Ledger

*An empty canonical view does not mean an empty Ledger —
the difference between "no Accepted yet" and "nothing ever existed"*
